Essentials

Core privacy tools everyone should have

Bitwarden

15.2k

Open-source password manager with zero-knowledge encryption

open-source free

[Visit](#)

Signal

25k

Gold standard for private messaging with E2E encryption

open-source free

[Visit](#)

ProtonMail

End-to-end encrypted email based in Switzerland
freemium

[Visit](#)

Mullvad VPN

4.8k

No-logs VPN with anonymous accounts
open-source paid

[Visit](#)

uBlock Origin

47k

Efficient wide-spectrum content blocker

open-source free

[Visit](#)

Tor Browser

Browse anonymously through the Tor network

open-source free

[Visit](#)

KeePassXC

21k

Offline cross-platform password manager

open-source free

[Visit](#)

VeraCrypt

6.5k

Disk encryption software, TrueCrypt successor

open-source free

[Visit](#)

Web Browsers

Privacy-focused browsers that respect your data

Tor Browser

Maximum anonymity through Tor network
open-source free

[Visit](#)

Brave

18k

Chromium-based with built-in ad blocking
open-source free

[Visit](#)

Firefox

Open-source browser with strong privacy options
open-source free

[Visit](#)

LibreWolf

Privacy-hardened Firefox fork
open-source free

[Visit](#)

Mullvad Browser

Tor Browser without Tor, by Mullvad
open-source free

[Visit](#)

Ungoogled Chromium

20k

Chrome without Google dependencies
open-source free

[Visit](#)

Support the Tor Network — Run a Snowflake Proxy

Help censored users connect to Tor by running a **Snowflake proxy** directly in your browser. No software installation required — it relays a small amount of traffic through your browser to Tor users under censorship. [Learn more →](#)

[Run a Snowflake Proxy](#)

Search Engines

Private search without tracking

DuckDuckGo

Privacy-focused search, no tracking

free

[Visit](#)

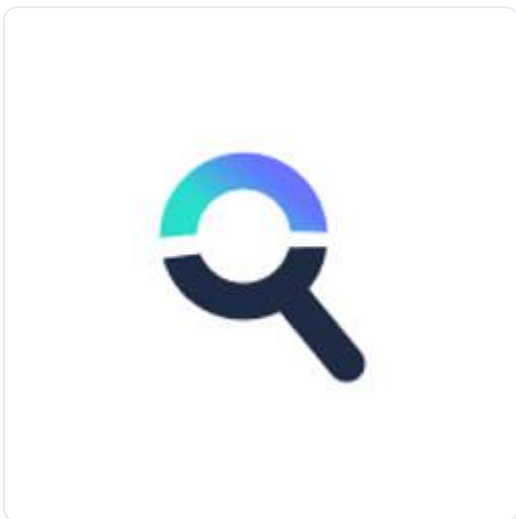

Brave Search

Independent private search by Brave

free

[Visit](#)

Startpage

Google results without tracking

free

[Visit](#)

SearXNG

14k

Self-hosted privacy meta search
open-source free

[Visit](#)

Qwant

European privacy search engine
free

[Visit](#)

Mojeek

Independent crawler-based search
free

[Visit](#)

Whoogle

9.5k

Self-hosted Google proxy
open-source free

[Visit](#)

Secure Messaging

End-to-end encrypted communication

Signal

25k

Gold standard E2E encrypted messaging
open-source free

[Visit](#)

Session

1.5k

Decentralized messenger, no phone required
open-source free

[Visit](#)

Element

11k

Matrix-based decentralized chat
open-source free

[Visit](#)

Briar

Peer-to-peer encrypted messaging
open-source free

[Visit](#)

SimpleX

7k

No user IDs, maximum privacy

open-source free

[Visit](#)

Wire

2.6k

Secure collaboration platform

open-source freemium

[Visit](#)

Email Providers

Encrypted and private email services

ProtonMail

Swiss E2E encrypted email

freemium

[Visit](#)

Tutanota

6k

German encrypted email service

open-source freemium

[Visit](#)

Mailbox.org

Privacy-focused email from Germany
paid

[Visit](#)

Posteo

Green, secure, ad-free email
paid

[Visit](#)

SimpleLogin

5k

Email aliasing service

open-source freemium

[Visit](#)

AnonAddy

3k

Anonymous email forwarding

open-source freemium

[Visit](#)

Browser Extensions

Protect your browsing

uBlock Origin

47k

Efficient wide-spectrum blocker

open-source free

[Visit](#)

Privacy Badger

3k

Automatic tracker blocker by EFF
open-source free

[Visit](#)

ClearURLs

4k

Remove tracking from URLs
open-source free

[Visit](#)

LocalCDN

Emulate CDNs locally
open-source free

[Visit](#)

Decentraleyes

Local CDN emulation
open-source free

[Visit](#)

NoScript

Block JavaScript execution

open-source free

[Visit](#)

Canvas Blocker

Block canvas fingerprinting

open-source free

[Visit](#)

VPN Services

Encrypt your connection

Mullvad

4.8k

No-logs VPN with crypto payments

open-source paid

[Visit](#)

ProtonVPN

3k

Swiss-based secure VPN

open-source freemium

[Visit](#)

IVPN

Audited no-logs VPN

open-source paid

[Visit](#)

Feature-rich with free tier
freemium

[Visit](#)

RiseUp VPN

Free activist VPN

free

[Visit](#)

Password Managers

Secure password storage

Bitwarden

15.2k

Open-source password manager

open-source freemium

[Visit](#)

KeePassXC

21k

Offline password database

open-source free

[Visit](#)

KeePassDX

4.5k

KeePass for Android

open-source free

[Visit](#)

Vaultwarden

39k

Self-hosted Bitwarden

open-source free

[Visit](#)

2FA Tools

Two-factor authentication

Aegis

9k

Android 2FA authenticator

open-source free

[Visit](#)

Tofu

iOS 2FA authenticator

open-source free

[Visit](#)

yubico

YubiKey

Hardware security key

paid

[Visit](#)

Nitrokey

Open hardware security key

open-source paid

[Visit](#)

Authenticator Pro

3k

Free 2FA for Android

open-source free

[Visit](#)

Encryption

Encrypt files and drives

VeraCrypt

6.5k

Disk encryption software

open-source free

[Visit](#)

Cryptomator

12k

Cloud storage encryption

open-source freemium

[Visit](#)

GnuPG

OpenPGP encryption

open-source free

[Visit](#)

age

17k

Modern file encryption

open-source free

[Visit](#)
